

Table 2: Number of new dwellings or residents in the city centres in the near future.	
Mosfellsbær	~250 dwellings
Sorø	~20 dwellings
	~2,200 dwellings (of which 1,600 in the commercial city core)
Bodø	~800 dwellings are already under construction in the commercial city core.
Västervik	Some here and there
Kokkola	The ambition is to increase the number of residents from 3,900 to 6,000 within 1–5 years
Mariehamn	~1,200 residents

Table 2 on page 22 in the report says “~1200 dwellings” for Mariehamn when it should say “~1200 residents”.

Figure 7 on p.23 in the report, a map of Västervik city centre and its important public spaces, cut out the public space marked with 4 (The city park). This is the full map, including the 4.
